Gold**

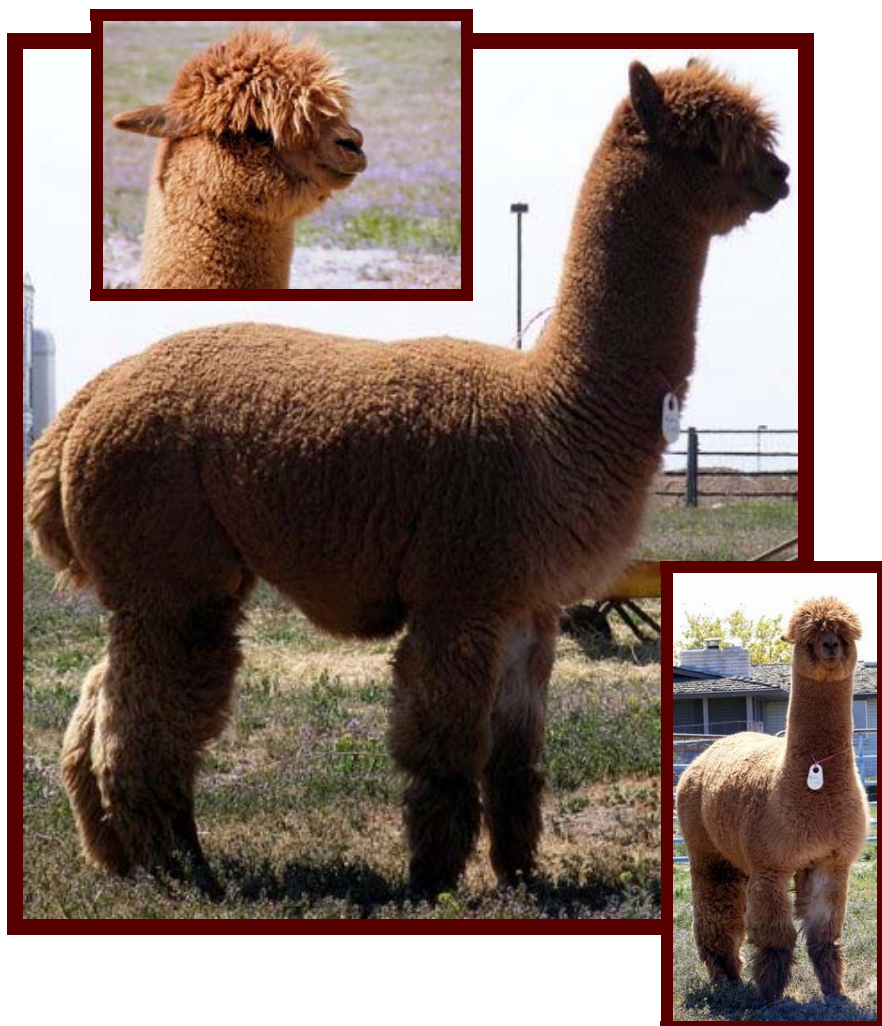

**Standing Stud at:
Alpacas of Cripple Creek
Paso Robles, California**

**Beginning
November 2008**

Tequila & Hemingway
Sire & Grandsire

Son of StudMaster™

Sire: MSA Hemingway's Tequila – Dam: Black Dog's BB's Lucille

Cuervo Gold is the son of the StudMaster male, Tequila, and grandson to the Big Daddy himself, Hemingway. Genetics don't get much better than that.

He has great presence and fleece coverage, standing tall and regal. Of course, his conformation is spot on. He has very dense fleece with good crimp. Cuervo Gold should really add quality to any female he is bred to. On his dam's side, he has lots of color, which should provide the ability to throw most colors. He has just started to settle females and is a very good breeder.
